

## "NOW" Wacky Wednesday Finale - Exodus 3:13-15

In studying the life of Moses we learn that God declares His Name to be 'I AM'.

For those in need of healing He says, "I AM Healing. If you are in need of companionship He says to you, "I AM your companion." Whatever your need may be, He says, "I AM." Not I was and not I will be but I am. He is the God of NOW. All any of us have is right now. No one is guaranteed tomorrow. It is a shame when people live 30 or 40 years planning and building for their retirement and die shortly after. Moses spent 40 years living in regret of his past. No matter where you are and what you've done but Satan would like to have you camp there because it keeps you out of NOW because that's where God is. He is not in the past and He's not in the future, He is in the now. Whatever your reality is, whether it is bad, doom and gloom or whether it is sunshine and roses, God is there. Moses had a call on his life; God had a plan for him. God has a call on each of us, a plan for our lives Psalm 139:14-16. He knows your name, your address, and your needs. That's reality. We all live by one of two things; faith or fear. Hopefully it's faith and you are consistent but some of us are like yo-yos, our faith level is up and down depending on our circumstances. It's easy to have faith when things are going well. Do we let fear control us when they're not? The big C is not cancer, it's Christ and He overcomes cancer. Jesus wants us to live in faith; Satan wants us to live in fear 2 Tim.1:7. Fear is our reality without God. Faith is reality with God 2 Tim. 1:7. The choice of where we will live is up to us. If you want to live in faith ask the Great I AM to help you move.
